THE **CHRISTMAS NEWS**

FOR 1901. A UTAH-COLORADO EDITION.

The Christmas edition of the "News" this year will be printed on Saturday, December 21st, 1901. It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compilation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many beautiful views of Denver and Colorado scenery being given. A big part of the edition will be circulated in Denver, and Colorado's principal

sued several days ahead of Christmas, it will form an invaluable advertising medium to local dealers for the Christmas trade. The general advertiser could find no better means for reaching the people of the great west. The "News" will pledge a circulation of at least 20,-000 copies for the Christmas issue. Special rates will be accorded advertisers who wish their notices printed in the Semi-Weekly News as well, giving them a total ciircution of nearly 45,000 copies.

The General Authorities of the Church will be presented to the special Conference in the afternoon of Sunday, November 10. The services of the day will commence at 10 a. m. and be open to the general public. At 2 p. m. the several quorums of the Priesthood will take their places as will be designated by signs placed for their direction.

The Presidency, Apostles, First Seven Presidents of Seventies and Presiding Bishopric, will occupy their usual places. On the left of the stand, facing east, the Patriarchs will be seated in that portion of the space they can occupy. On the right, the Presidents of Stakes and their counselors and High Councilors will sit. The High Priests below on the right, and in as many of the front rows of the center seats to the right of the center alse as they may need. Behind them the Elders. Had Secretary of National Organization as the Guest of Honor, Who Talks to Members.

Beardsley's Tavera by the Utah Association of Credit Men in honor of Williom A. Propdergast of New York, secretary of the National Association of Credit Men, was a most enjoyable and interesting event. Seated at the ables, which were arranged in parallel lines and which were prettily decorated with an abundance of red and white carnations, were thirty-five members of the association and their guests. After a delicious menu had been served President George Ford of the association, who acted as master of ceremonies and toastmaster, stated that the purpose of was that the credit men of Utah should become acquainted with the na ional secretary. He mentioned the fact that the local association had been in existence only twenty months, but that in that brief period it had accomplished much good in local business circles. President Ford closed his address by introducing Secretary Prendergast, the guest of the evening, who, after direct-ing the attention of the members of the ciation to the advantages to be derived from connection with the national association, urged the local association to join the national body and co-operwith it in obtaining satisfactor; business laws relating to debtor and creditor. The speaker then spoke of the bankruptcy act and the amend-ments needed to make it of the greatest benefit to all business men. Mr. Pren-dergast maintained that the present law is nearly perfect in its working s far as the debtors are concerned, bu to make it acceptable to the creditors the law should be restricted so that dishonest men can not from their just debts. This, he said, can be done if an amendment makes it impossible for a man who has destroyed his books to take advantage of the and if men obtaining goods under false pretenses are held responsible. Another evil pointed out was the four

months clause, in the present li

ment of proceedings, and makes it neo ersary for such creditors to return the money before they can prove their en-tire claim. The trouble with this is that

Cause of John Ward's Death Baffles The Physicians.

At O'Donnell's undertaking establishment late yesterday afternoon an autopsy was held on the remains of John Ward, who died at the Holy Cross hospital of a disease which the doctors thought was ecchinococcus, peculiar to Iceland, Dr. Mayo, assisted by Dr. Root, performed the autopsy in the presence of Dr. J. S. Richards, Dr. Whitney, Maj. Egan, the post surgeon; Dr. Hosmer, Dr. Stevens and Dr. Raley. No traces of the Iceland disease could be found and the doctors, after a care ful examination of the organs of the body, were baffled as to just what the man did die from. His heart, though very much enlarged, appeared to be in good working condition and the stomich, liver and other organs appeared to e very little diseased. The case is a pe uliar one and the physicians are trying to find out the nature of the dis-

MORE PISTOL PRACTICE.

Still Another Man Thinks He Shot Mysterious Tom Phillips.

Now that Tom Phillips has disappeared there are several parties who laim to have indulged in pistol practice upon the persons of unknown prowlers. Tom Phillips, it will be recalled, is the mysterious patient who was recently treated for a gunshot

yound in the face and neck. It was thought that he received his yound in Ogden ten days ago; Eureka was heard from to the effect hat several shots had been taken at a would-be-burglar in that mining cam It is now thought that Philipps was that while prowling around the residence of Mrs. Emma Armstrong, 273 South Seventh East street about a week

GOLD WILL BE PLENTIFUL. Denver Expert Writes Glowing Report From Dutch Guiana.

A prominent mining expert of Denver, who is now in South America conducting mining operations in the interests of an eastern corporation, has written a letter to S. T. Clawson of Park City, teling a story of fabulous sums of gold that is stored away in the hills of Dutch Guiana. It is the expert's opinion that gold will be so plenty that some other money will be talked

A portion of the letter is as follows: "About sixty miles up the river from us and on the French side a big gold excitement (for this country) is on, and that they have rich ground is evident from the gold being transported. Many men (all blacks), working but a few days, in the most primitive form, are recovering. are recovering fortunes. It is a com mon daily accurrence to see men with ten, twenty and up into the hundreds of pounds passing down, results of a short period of panning. I saw one man with over eighty-five pounds from less than two month's work by pan, but the poor fellow died within a few days of his return.

"One man, who has a reservation, is leasing in small blocks for 50 per cent of the gross. He is said to have two kerosene tins (five gallons each) full of coarse, and nearly a half one full of fine. Imagine the snap for one of our American held-ups. One good high wayman could clean out a camp of these peaceable blacks, this is certain to develop into a great gold yielding country when the interior is properly prospected. Some day this prediction will prove true-gold will be so plenty that some other money will be talked of these peaceable blacks. This is certain

'Money is to be made here just as soon as some permanent means of in-terior transportation is established. We may yet be the first to commence. Our railroad, now in good progress, will be ready to operate its length in a short while, say Oct. 10th. This may be the starting point of a great enterprise, or it may fall."

ART INSTITUTE.

Arrangements for the Display of Works In Social Hall.

The Art Institute has been fortunate in securing the Social Hall for the art exhibition which opens on November 25. This is the best arrangement the Institute has yet made for their art display, the hall being exceptionally advantageous for the purpose. The prizes will doubtless tempt local and other artists to their best efforts, there being offered besides the state prize of \$300, a bronze medal of honor for the best painting of art on display in the exhibition, whether the work of resident or non-resident. Besides the work of local artists there will also be on exhibition a large number of valuable paintings done by noted artists throughout the United States.

President Culmer and the executive

committee are working hard in the interests of the exhibition, and the event There should be a large attendance, as the admission will be free except on Wednesday, which will be reserved for purchasers of pictures, and those who many be inclined to contribute to the financial success of the exhibition. The executive committee consists of Mrs. A. W. McCune, Mrs. Alice M. Horne, and Mr. L. S. Hüls.
